Joe and Janel Piper, Assistant District Directors,

I See You! Now I Don't!

Well here we are rolling along in our 5th year with GWRRA; We have been Motorist Awareness Couple, Assistant CDs for Chapter S, Chapter S COY, we are presently Chapter S Directors, District COY for 2017 & 2018 and now ADD Couple for Northwest Georgia. The fun continues!

Janel and I moved to Georgia January 2014, after I Retired from 40 years as a Service Technician in Pennsylvania. Leaving familiar surroundings, and obviously a very different riding environment, we had no idea what was in store for us. Many conversations included making new acquaintances and riding our 94 Bermuda Pearl Wing. Janel and I joined GWRRA in February that year and became part of Chapter 'S' in Winder, Georgia - The Motorcicle Capital of the World! We set out on a journey to meet new people, make friends and ride our Wing; We have done that, and so much more in such a short time! We have met so many wonderful people, made a lot of new friends, many we consider family now; Looking forward to adding many more. Well enough about us...

Something Janel and I would like to bring to every one's attention we recently discovered that is safety related. That "High Visibility Green" (I say it looks yellow) isn't really as visible as we originally thought. She followed me a while back to get my Wing serviced, it was a hazy day, and told me that I was harder to see than expected. If not for the L.E.D. lights on my Bike, she said I faded into the foreground. A few days ago I had the opportunity to follow another Biker, in similar conditions in the same type of gear, and I was amazed by the reality of what I witnessed. The only difference between the two examples was the lighting; He did not have extra lights and so he and the Bike faded away. This is just one more thing for all of us to keep in mind. Please ride defensively, ride alert and arrive safely at your destination!

Janel and I look forward to seeing all of you real soon!
